WHAT makes a Richmond Events Forum valuable?

We ensure a high-quality audience at every forum. Whether you are looking to network with your peers or connect with senior decision-makers, Richmond Events will enable this for you.

Our process:

- Set up your online profile detailing your areas of expertise or projects you wish to discuss. This information will be used to identify your best options at the forum.
- Select who you want to meet and which conference sessions you would like to join.
- Rank your selection based on your priority and tell people why you would like to meet them.
- To make your experience even more tailor-made, you can also tell us who you do not wish to meet.

Our appointment system will use all of this information to create the best possible itinerary for you.

The Delegate Experience

A Richmond Forum is designed for senior decision-makers from Switzerland's leading companies.

We offer a time-efficient and effective platform for 1.5 days at prestigious 5-star hotels in Switzerland to:

- Enhance your knowledge through our keynotes, seminars, workshops and round-table discussions.
- Build strategic partnerships with providers of your choice in one-to-one meetings.
- Network with 100+ of your senior peers.

Attendance for delegates is free of charge but strictly by personal invitation only.

“Valuable insights,
sharing of experience, learning from
others and networking.”

Thomas Gaugler, bbv Software Services AG

The Supplier Experience

“Strong business interest from
potential customers.
Efficient meetings and good outcome.”

Jean-Christophe Montant, Workday

One of the key reasons our senior delegate audience attends is to source and benchmark potential providers.

We offer you unrivalled access to decision-makers and budget-holders with whom you may find hard to connect with through other channels.

Your participation will include:

- Pre-scheduled one-to-one business meetings with the delegates who have asked & agreed to meet you.
- The chance to participate in the conference programme with a supplier presentation.
- Small group meetings during mealtimes.
- Detailed profile information on each attending delegate.

Conference Programme

Inspirational presentations will give you access to new ideas, trends, innovations and solutions to take you and your company forward.

Keynotes

Our keynotes on both days will be delivered by top-notch speakers and cover your industrial focus.

Industry Sessions

The industry sessions are designed to include an interactive exchange of information on hot topics and latest trends. Providing new ideas and key points to take away and implement within your organisation.

Round-table Discussions

Small group round-table discussions moderated by topic experts allow delegates to dive deep into a shared challenge and identify practical solutions they can use straightaway.

Out of the box

Always a great way to think in a different matter – gain new experience and use this way as an advantage in your business environment.

“Great event with interesting inputs
and great conversations.”

Natalie Rüedi, Emmi Schweiz AG
